burn. This is but the beginning lead to suffering and torture and durable. It is a common mistake a roughness and redness merely a local irritation; it is tion of a humor in the

Eczema-which is more than skin-deep, and can not be reached cations of ointments, salves, etc., applied to the surface. The d through the skin; the only way to reach the disease, thereton Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all here of ever being free from the disease. all hope of ever being free from the disease, as I have been treated by some of the best physicians and have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cared by only a tonic. Swift's Specific-

S. S. S. FOR THE BLOOD -is superior to other blood remedies because it cures disease not reach. It goes to the bottom—to the cause of the diseast the worst case of Eczema, no matter what other treatment the only blood remedy guaranteed to be free from potash other mineral, and never fails to cure Eczema. Serofula.

upon S. S. S.; nothing can take its place.
